

Lab09 Exercises

- For each stub, instantiate and lay out the required widgets in order to create a GUI that implements the sample screen shots below.
- The window dimensions have been provided in the stub files.

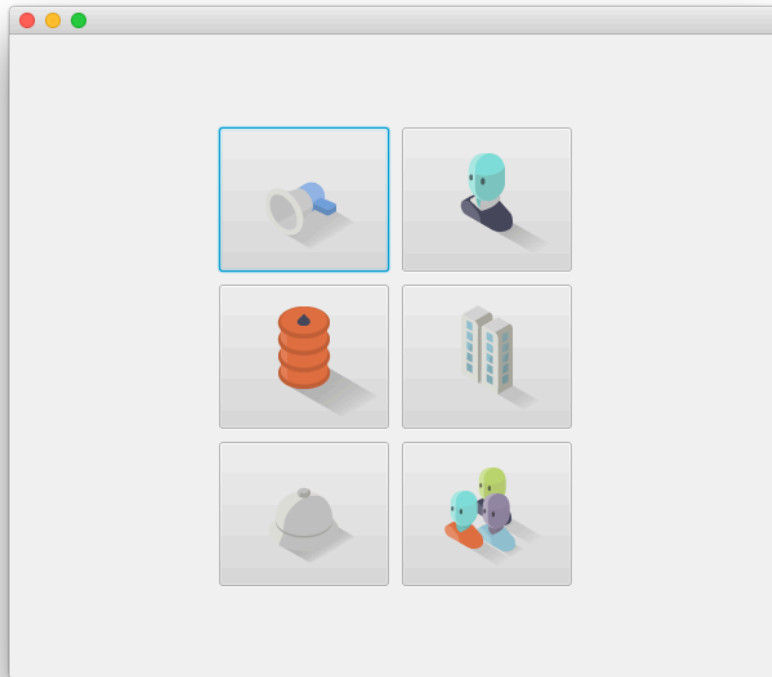

Lab09Exercise01

The image shows a window with a title bar (red, yellow, green buttons) and a light gray background. The window contains the following elements:

- Instructions**: A section header in a dark gray font.
- Text**: A line of text in a dark blue font: "For each icon below, enter a text descriptor that best captures its meaning."
- Row 1**: A blue ribbon icon on the left, followed by a text input field with a blue border and a vertical cursor.
- Row 2**: An orange umbrella icon on the left, followed by a text input field with a gray border.
- Row 3**: A blue and green water bottle icon on the left, followed by a text input field with a gray border.
